Chancellor Carol Christ  
Executive Vice Chancellor & Provost Paul Alivisatos  
University of California, Berkeley

RE: Executive Education Working Group Report

Dear Chancellor Christ and EVCP Alivisatos,

On behalf of the Executive Education Working Group convened by you last summer, I am pleased to submit our report. I believe that we have successfully addressed most of the issues raised in the charge letter, although concerns over trust prevented us from recommending a governance structure that can be implemented immediately. We make a set of recommendations - immediate, medium-term and long-term - that comprise a roadmap for the path forward.

I thank you for the opportunity to think deeply about the role that Executive Education could play at Berkeley in the future, and I am extremely grateful to the members of the working group for their thoughtful, dedicated efforts.

Sincerely yours

Fiona M. Doyle  
Vice Provost for Graduate Studies and Dean of the Graduate Division
